Adelaide
Airport

An artistic rendering of a large, modern industrial building with a dark, vertically-ribbed facade. The word "SIGNAGE" is prominently displayed in large, white, sans-serif capital letters on the upper left portion of the building's side. The building is situated behind a landscaped area with several green trees and shrubs. In the foreground, a paved road curves around the building, with a silver car parked on the left and a person standing on a sidewalk. A black metal fence runs along the right side of the building. In the background, a white semi-truck is visible on a road. The sky is blue with scattered white clouds. A horizontal bar with a gradient from blue to green to yellow is positioned above the text on the right.

Adelaide Airport Ltd's (AAL) purpose is to proudly connect and shape South Australia.

Part of executing this purpose is the delivery of strategic projects that will significantly change the landscape of the airport. Our strong focus on development, coupled with a 200 hectare land bank, has placed AAL in an extraordinary position to elevate Adelaide's growing economy and contribute significantly to South Australia's future growth.

AAL has been the custodian of Adelaide Airport since May 1998. Our long-term commitment to the airport and its occupants results in not only a reliable and committed partner, it also enables AAL to offer a unique end-to-end development solution. From the commencement of negotiations and design through to construction, fitout, handover and ongoing property management, AAL will be a consistent partner. Post completion, throughout the tenant's occupation, AAL's property team will continue to provide an unmatched level of collaboration and stability.

Adelaide Airport is already the proud home to more than 140 companies, including major enterprises such as Mitsubishi, FEDEX, DHL, Bunzl and Australian Clinical Labs. Partner with us and explore the opportunities for your business to prosper.
