Adelaide
CBD

The image is an aerial photograph of Adelaide, Australia. The Adelaide CBD is located in the upper left, with a white location pin icon. A solid white line extends from the CBD towards the center. A dashed blue line follows a path from the CBD, through the middle of the city, and then curves around a residential area to the left. A vertical dashed blue line runs through the center, labeled 'Sir Donald Bradman Dr'. In the lower right, a large industrial area is highlighted with a yellow-green semi-transparent overlay and a solid blue border. This area is labeled 'Catalyst Park' in white text. The background shows a dense residential area with many houses, and further back, there are green hills under a clear sky.

Thriving Business Community

Catalyst Park is an established business precinct, with key core tenants across a range of industry sectors.

Lots Available Now

Lots are available for development now.

Business in Adelaide

a world-class city, driven by a thriving innovation economy

Adelaide boasts a booming tech scene, robust defence sector, and thriving renewable energy industry, which is underpinned by a highly skilled workforce and world-class research institutions. The South Australian Government has played a key role in this growth by centralising the State's Innovation Ecosystem and promoting valuable knowledge transfer and collaboration across various industries.

In addition to its strong business ecosystem, Adelaide offers exceptional liveability for its residents and is regularly ranked among the world's most liveable cities. Combining a supportive government, robust economy, and vibrant cultural scene, Adelaide is not just a place to do business but a place to thrive.

World's Most Liveable Cities

Adelaide is ranked amongst the world's most liveable cities - The Economist's 2024 Global Liveability Index

Australian Space Agency

The Australian Government's Australian Space Agency (ASA) national headquarters are based at Lot Fourteen

4 Renowned Universities

South Australia is home to 4 renowned universities which are repeatedly and firmly in the top 2 per cent of universities globally

Artificial Intelligence Innovation Hub

Australian Institute for Machine Learning (AIML) of the University of Adelaide, is internationally regarded for its computer vision research

Startup Ecosystem Growth

South Australia's startup ecosystem has grown by 347% with estimated value of \$1.56B since 2020

Built In Adelaide

Australia's new fleet of SSN-AUKUS nuclear-powered submarines will be built in Adelaide

Catalyst Park is the country's first manufacturing hub dedicated to the space industry

Located within Adelaide Airport, Catalyst Park is Australia's first dedicated manufacturing precinct for the space industry, supported by both the Australian Space Agency and the South Australian Government. Designed to foster collaboration across the space industry and leverage South Australia's rapidly expanding space and defence industries, Catalyst Park will provide a vibrant home for businesses utilising state-of-the-art advanced manufacturing facilities.

The park features three dedicated buildings, providing a variety of spaces and opportunities for businesses to co-locate their office, research, and manufacturing facilities. Additionally, it offers unparalleled access to Adelaide's vibrant business and cultural precincts.

Adelaide Airport Limited

Adelaide Airport Limited (AAL) is the Leaseholder and Operator of Adelaide Airport, Australia's fifth largest airport and the gateway to South Australia. Owned by five major Australian superannuation companies, AAL's financial strength and backing is substantial.

Adelaide Airport remains one of the most sought after landholdings in South Australia, presenting an unmatched location just 6km from the CBD and with direct access to key supply networks.

Development Record

AAL has implemented a proactive approach to our development strategy, which has unlocked extraordinary opportunities for development across the airport.

Building momentum from the successful Terminal Expansion development (\$167m) and the recent Mitsubishi HQ, AAL has established itself as a seasoned developer. With a proven track record of delivering excellence, AAL is poised to shape South Australia through delivering strategic projects that will elevate Adelaide's growing economy and contribute significantly to the State's future.

Partnership with AAL

As operators of Adelaide Airport until 2097, AAL has the unique ability to take a long-term approach to development partnerships. This involves devising adaptable solutions for partners and tenants, fostering enduring relationships and providing financial security.

Adelaide Airport Ltd's (AAL) purpose is to proudly connect and shape South Australia.

Part of executing this purpose is the delivery of strategic projects that will significantly change the landscape of the airport. Our strong focus on development, coupled with a 200 hectare land bank, has placed AAL in an extraordinary position to elevate Adelaide's growing economy and contribute significantly to South Australia's future growth.

AAL has been the custodian of Adelaide Airport since May 1998. Our long-term commitment to the airport and its occupants results in not only a reliable and committed partner, it also enables AAL to offer a unique end-to-end development solution. From the commencement of negotiations and design through to construction, fitout, handover and ongoing property management, AAL will be a consistent partner. Post completion, throughout the tenant's occupation, AAL's property team will continue to provide an unmatched level of collaboration and stability.

Adelaide Airport is already the proud home to more than 300 companies, including major enterprises such as Mitsubishi, FEDEX, DHL, Otis, Bunzl and Australian Clinical Labs. Partner with us and explore the opportunities for your business to prosper.

**Everyone's favourite airport.
Seamless. Connected. Easy.**
